**DOWNLOAD**

---

There's an uninstall link in the Google Chrome entry of Start > All Programs.. What are the advantages of having Google Chrome for my pc? If I don't care for it can I uninstall it easily? Yes of course you can, in your start menu, click on chrome and you should see the uninstall drop down.. Note: Following below-mentioned procedure will delete all your data stored on Google Chrome including settings, b.

It is faster than the others and has some features I really like You can always uninstall it via Programs and Features with no ill effects.. shtmlI personally do not like Chrome because of some apps used As a browser, it is fine.. it's a doddle It's got quite few

---

apps now for it On the customisibility side of things it's not as flexible as Firefox but that may not matter to you.. Uninstalling Google Chrome is quite a straightforward process, yet you might face some issues if Chrome isn't functioning properly. [Orban Windows Media Player](#)

Chrome is just another browser It is quite fast and responsive I always have 4 browsers - each dedicated to something different.. And, of course, you can uninstall any of those I suggest you use the Revo uninstaller - click the 'advanced option' when you run it.. You don't get hassled to update every five minutes ok slight exaggeration If you like the minimal look then chrome is great.. E g Safari (a browser from Apple) is running my webradio all day and Chrome I use to find things on the web (like the link I posted below).. [http://www.revouninstaller.com/revo\\_uninstaller\\_free\\_download.html](http://www.revouninstaller.com/revo_uninstaller_free_download.html)PS: I would not mess with Firefox.
